

Our Goal

- To mobilize the New Jersey community to provide after-school STEM Enrichment to 25,000 underserved middle school girls by 2025

Donate

Together we can achieve much more

Sponsor a new STEM club for Middle School Girls

We are looking for corporate sponsorship to help us expand our impact and bring after school STEM programs to more middle school students in 2019

Corporate Sponsor - \$2,500

JerseySTEM is a non-profit organization that has been providing after school and summer education programs in Science, Technology, Engineering and Math (STEM) to school children in New Jersey for 6 years. Help us reach more under served children in 2019
